

AMENDMENTS TO THE SPECIFICATION

On page 20, beginning at line 31, please insert the following new paragraph:

Figure 18 (Table 6) shows ion exchange chromatography of CA22.7

On page 32, beginning at line 22, please replace the paragraph with the following amended paragraph:

The 22.7kDa material is separated on a larger scale. Using GPC the fractions from ion exchange are analysed. The following fractions shown in Table 6 (~~see figures~~ Figure 18) were recovered.
